NORTH PARK TRINITY BAPTIST CHURCH, CLAREMORE, OKLA.

INSTALLER: S&S Steel Constructors, Claremore, Okla.

ARCHITECT: BSI, Tulsa, Okla.

PRODUCT: Whirlwind Super Span X

FINISH: Fern Green, Ceram-A-Star 950 SMP

MATERIAL: 26-gauge Galvalume

North Park Trinity Baptist Church needed to find a new home for its growing community. Part of the construction was a 26-gauge commercial/industrial roof panel from Whirlwind in fern green. The congregation wanted a classy look and durability to hold up to harsh Oklahoma weather. The building was erected in 45 days, providing a new place of worship in a timely manner.
