

project:church

HOLY ANGELS BYZANTINE CATHOLIC CHURCH, SAN DIEGO

INSTALLER: West Coast Roofing, San Diego

GENERAL CONTRACTOR: H&M Construction San Diego

ARCHITECT: Howard L. Sweatte Architect, Carlsbad, Calif.

PRODUCT: Gerard Tile (5,000 square feet)

FINISH: Midnight Blue

MATERIAL: Stone-coated steel

This project was a retrofit installation over composition roofing. The steel roofing from Gerard was chosen over concrete for its ability to keep water out without relying on felt paper, its light weight, color, and strong warranties.

For more information on products from Gerard, see pages 41, 65
